

## **Stage2 Theatre Company seeks New Board Members**

In order to ensure our governance is robust and forward looking, we are seeking new voluntary members for our Board. We're interested in people from a wide range of professions and backgrounds, who have a little spare time to give us.

Stage2 is Birmingham's busiest Youth Theatre Charity, with a 34-year history and reputation from high quality shows, workshops and work experience. We currently run-on Sundays during term time.

Anyone aged 7-21 can join with no audition or previous experience required. We are an open-access, integrated youth group which means we don't turn young people away regardless of background, ability, experience or financial status (even having a Subsidy Fund to ensure this).

Requirements of the role are varied dependent on individuals available and expertise but in general attendance will be required at 3-4 meetings a year and at 4-6 Stage2 events and performances annually.

We are keen that our board is as diverse as our members and is an accurate reflection of the community in which we operate. All applications will be considered and we actively welcome and encourage applications from diverse backgrounds, particularly those from underrepresented groups, including BAME, disabled, neuro-diverse and LGBTQIA+.

If you are interested in helping us to evolve, learn and run for another 34 years and can spare a little time then please contact [board@stage2.org](mailto:board@stage2.org).
